Discussion:

1. Auxiliary airfield:

Rick Johnston has proposed an auxiliary site basically for glider contests. The full proposal is on the website and has been emailed to all members for comments. The general opinion is that the club should back this proposal for a one year trial period. Morgan Wilson, treasurer, says that the auxiliary site is budget neutral if the contests generate funds as stated. The docents for this field are Morgan Wilson, Steve Willison, Rick Johnston, and Mike Wilson.

2. Civil aircraft concerns for auxiliary field:

Bob van't Riet expressed concerns for the safety of full size aircraft and proximity of this auxiliary field to a private airstrip. More facts are needed resolve the issue.

3. Motion to approve auxiliary site:

Morgan made a two part motion. Tony Jacobson seconded. (1) Rick Johnston will investigate, prepare and present a written safety statement

concerning interaction of full size aircraft and RC operations. (2) If Rick prepares this statement, the club should approve the auxiliary field for a one year trial period. Motion passed.
