

## SLO. FLYERS SEPTEMBER CLUB MEETING

September 10, 2016

Meeting brought to order by Tony Gallo.

### MEMBERS PRESENT

Steve Willison.  
Tony Gallo.  
Daryl Riecki  
Lars Mikkelsen  
Paul Gaugush  
Rick Johnston  
Gordon Jennings  
Tony Jacobson  
Dave Rachubka  
Mike Ritenhouse

### GUESTS

Ron Wansa (prospective member)  
Bob Williams (past member returning to area)

### SHED DEMOLITION

Thanks to all the above who showed up to demo the old metal shed. The fun started early, with Rick and Tony J. planning, plotting and positioning Rick's dump trailer to accept all the debris. It should be noted that the previous mice tenants of the shed objected to the removal of their latrine. The mice finally saw the error of their ways and realized that sacrifices must be made for progress. Everyone pitched in to pitch out all the interior trash and the structure itself. The final sweep job was about 11:00 and the debris has found a new home at the dump. Rick's trailer gets the MVP award.

### AMA NOTIFICATION

All members should read the recent AMA e-mail relative to Bulletin 550 about FPV activity. Fly with a spotter who can locate a downed craft, keep the pilot aware of position of the craft and warn about obstacles. Do not fly alone.

### GLIDER WINCH TOW WEDNESDAY

Rick Johnston has requested the first and third Wednesday of each month be available for glider winch tows. Powered craft can still fly early, as the winch tows will start late in the morning. Pilot cooperation will be required. This scheduling development was announced at the August meeting, and no objections have been noted. The ALES contests continue on the second and fourth Wednesday of each month.

### MEMBERSHIP DUES REMINDER

Dues must be paid prior to January 1. The gate combination will change on or about that day. This is a change from past practice. There is a new partial membership dues schedule.

### MEETING ADJOURNED

10:00 am. (Back To Shed Demo)

Submitted  
Mike  
Rittenhouse, Secretary
