

SLO Flyers Board Meeting Minutes

February 24, 2025

Members present: President Tony Gallo
Treasurer Steve Willison
Safety Coordinator Morgan Wilson
Secretary David Stafford

Meeting called to order by President Tony Gallo at 9:30 AM

Discussion:

1. Reviewed criteria that establishes SLO Flyers, Inc. as a private club including membership documents, membership requirements, description of the club as private on SLO Flyers website and SLO Flyers listing on the AMA website. It was agreed that the official AMA website should delete "Public Welcome" or "Open to the Public" on their listing for SLO Flyers, Inc. The SLO Flyers, Inc. website has correctly stated "private club" since its inception.
2. Discussed Safety and Flight Operations regulations, including verbal warnings made to 2 members regarding safety violations (flying too close to the pilot stations). Also discussed what future actions may be required if further safety violations occur. An additional sign was posted on the taxiway fence that states, "Any aerobatics or high speed passes by any type of aircraft will be beyond the west edge of the runway" from line #8, Flight Operations document and as posted online (SLOFlyers.com/join) and in each membership package.
3. Reviewed AMA insurance coverage and potential law suit protections for club officers.
4. Discussed extending the pilot barriers onto the taxiway blacktop ASAP, plus installing paver walkways just inside the existing pilot barriers: unanimously approved.
5. Discussed submitting/resubmitting complete list of club officers to AMA Headquarters.

Meeting adjourned at 10:10 AM

Respectfully submitted,

David C. Stafford
Secretary
