Meeting Brought To Order By Tony Gallo at 9:20

DISCUSSION ITEMS

1. SLO Flyer Constitution Amendments

Several amendments to the club Constitution have been proposed and presented to the club. A suitable time for comments was allowed. No comments were received. Tony Gallo called for a vote to approve or reject the amendments. The vote was seconded and the subsequent vote approved the amended Constitution. The amended document will be published on the website.

2. Demonstration at Los Osos Middle School

Rick Johnston coordinated an R.C. demonstration with the science teacher explaining aerodynamics to the students. Seven SLO Flyers flew airplanes generating "oohs and awws". This could be a re-occurring event.

3. August Work Day

Saturday, August 22, will be a work day to paint the tables and repair the perimeter fence. Lunch will be provided by the club. The field will be closed to flying that day.

4. Weed Removal

Tony Jacobson was congratulated for his expertise at weed reduction.
