MEMBERS PRESENT

Steve Wilison.
Dave Nowell
Tony Jacobson
Tony Gallo
Lars Mikkelsen
Perry Abbott
Paul Gaugush
Rick Johnston
John Brant
Tim Chesbro
Daryl Riecki
Mike Rittenhouse

MONTHLY MEETING TIMES

Tony Gallo brought the meeting to order at 9:05 and suggested that the monthly meetings start at 9:00 rather than 9:30 all present agreed. The meetings will still be on the second Saturday of each month, with adjustments as necessary.

MISSING WIND VANE

Can you imagine, some sneak thief, wanker removed the wind vane. Actually the event was much less dramatic but more traumatic to Steve Wilison's glider. Repairs will be made.

NEW STORAGE SHED

The shed construction is complete. Items must be moved from the old shed and the old shed will be demolished and removed. A suggestion was made to facilitate storage of FPV gates. Lars will look for and obtain a large diameter culvert pipe about 10 feet long to store the gates. A work party will be required for demo and removal of old shed.

GLIDER DAYS PROPOSAL

The 2nd and 4th Wednesday of each month are ALES CONTEST days. A suggestion was made to make the 1st and 3rd Wednesday winch launch days. These additional glider days would begin after 10:30 to accommodate power planes. Comments are welcome and discussion will continue at a future club meeting. Lack of comments will be an indication of consent to the proposal.

TREASURER'S REPORT

Tony Jacobson presented the report, and indicated the shed cost was about \$2400 with all known receipts in and paid. The club is still solvent after the runway coating, the shed construction and an additional electric battery charging station.

MEETING ADJOURNED

10:15 by Tony Gallo

SUBMITTED

Mike Rittenhouse, Secretary
